Heat/Smoke Detector/Signal Device Guards

The Harrington HDG, SDGS, RSG, and SDGL guards are designed to protect audio visuals, heat detectors, smoke detectors, sprinkler heads, and a variety of other devices. Manufactured with welded steel wire construction, this durable design is engineered to protect the vital components of building systems without interfering with the devices operation.

- Heavy gauge welded steel wire construction
- Durable finishes
- Provides maximum strength, air flow and visibility
- Universal design
